Logo

The AccessBank logo consists of a blue globe with two arrows encircling the globe. The arrows symbolize the global reach of the AccessBank network and the interchange between people, banking technology and financial resources around the world through the network of AccessBanks.

Always use the specified logo. It should not be set in type.

The logo must not be modified or altered in any way.

All proportions are to remain as shown.

Logo – Area of Isolation

An area of isolation should surround the logo on all four sides. This area is to be free of text wording, slogans, design elements, illustrations or images. This is a minimum area of isolation.

The logo should always be a white background.

Minimum area of isolation is equal to letter height of lower case “n”

a = letter height of lower case “n”

Logo – Colour

The AccessBank colours are important as signal colours for the bank. The main colour is the Access blue. The grey is to be used as an accent colour. The logo should always be placed on a white background.

Exterior Signage

The AccessBank logo for signage purposes on the exterior of a bank building may be produced without the country name and the additional description “ACCESS GROUP”. This is to facilitate the production of three dimensional letters and the globe symbol.

Exterior illuminated (neon) sign or three dimensional letters sign
